

Simplifying Data Protection

Office 365 Backup (Beta)

SaaSBackup is gaining prominence among IT admins due to increased data risk in the form of malware attacks, unauthorized app synchronization, and human errors. Hence it is necessary to have a backup solution to protect the critical SaaS data. Vembu provides advanced protection for Office 365 through secure cloud to cloud backup solution,. This enables you to backup the Mails, Calendar, Contacts and OneDrive directly to Vembu Cloud and helps in meeting the compliance requirements.

Customer Quotes

"The Vembu solution has increased Lentner Technology Integrator's bottom line for cloud backup services from \$1 per GB up to \$7 per GB. This has proved to be one of the most profitable services in our lineup offered to clients. In total, Vembu BDR has saved our clients an estimated half a million dollars in lost revenue from data loss last year."
