

Simplifying Data Protection

Vembu Cloud Services

Vembu makes the data protection easier with its Cloud Services, offering cost-effective cloud backup solution to small and medium-sized businesses. Without the overhead of setting up a local backup server, businesses can backup of their data directly to Vembu Cloud. Thus, from anywhere, a sign-in and a download will get your business back on track during disasters with minimal downtime.

Customer Quotes

"Vembu ensures availability of our core productions systems that support Mackie's business operations. 24x7 availability of business applications and its data is critical for us, and Vembu delivers on these requirements. Vembu has become an integral component of our IT and business continuity strategy."

-Lee Wong, Manager of Information Technology at The Mackie Group
