Become the trusted distributor of your region by partnering with Vembu

Vembu presents a personalized and profitable program for distributors who wish to increase their market share in their region

As a distributor, you might be operating in a highly competitive marketplace. While offering lower priced softwares is a good option to remain competitive, such strategy might not come handy every time. Hence it is important to offer a reliable solution which is not only affordable than its counterparts but also comprehensive enough to cater to all requirements of a data center. When it comes to Backup & Disaster Recovery Market, Vembu offers one of the most trusted and affordable solutions available and has already benefitted 4000+ partners and 60,000+ businesses.

Top 10 reasons to join as a distributor in Vembu AcePartner Program

- The Vembu AcePartner program is an 'one of its kind' program with more focus on the partners delivering exceptional business value, diversity and treating all partners equally

Testimonials

"We are thrilled to bring to market a technology that addresses the concerns of the great majority of customers in the MENAT region; all in one product suite that is properly supported and very cost effective. Together with the Vembu team, we are very confident that we will see tremendous uptake and very happy customers!"

- Omar Kechrid, CEO of Distilogix, Distributor for Middle East and North Africa

Our business depends on products that are simple to manage yet have a real depth in functionality and are quick to engage interest. Vembu ticks all of these boxes and more, at a very competitive price. It's already proving to be the right product at the right time for Opex Group and our customers.
